A Wealth of Services and Programs For Your Best Quality of Life

Our mission is to deliver research-based information on issues relevant to Oswego County youth, individuals, families, farms, small businesses, and communities. We are committed to improving the quality of life through education and empowering volunteers to lead, guide and teach.

Agriculture

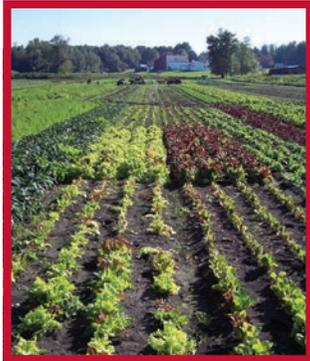

Affordable land coupled with excellent growing conditions and location make our county a great place to farm! From beginning farmers to backyard gardeners, we're here to help with everything from

financial stability to workshops on the latest proven methods.

What We Offer:

- Guidance for both experienced and aspiring agricultural producers
- Agricultural seminars and workshops from building healthy soils to forest farming, maple syrup production, livestock farming, and more!
- Access to the latest Cornell University research and publications
- We connect producers to consumers and identify new economic opportunities to help farmers find new markets.

Master Gardener Volunteers

Master Gardener Volunteers support our Agriculture Program by teaching classes and workshops, helping plant and maintain demonstration gardens, providing information at events, and answering

gardening questions that come into the Horticulture Hot Line. They also work with partners on community gardening projects, and so much more!

Contact a Master Gardener by calling 315-963-7286.

4-H Youth Development

Be Part of the Largest Youth Organization in the World!

Oswego County 4-H helps youth gain confidence and satisfaction from hands-on projects in areas like science, health, agriculture and citizenship, all while having fun with their friends. We provide them with adult mentors who offer guidance and encourage them to be leaders as well.

Discover:

- Leadership
- Public Speaking
- STEM - Science, Technology, Engineering, and Math
- Animal Science & Agriculture
- Food & Nutrition
- Community Service
- Environmental Education
- Plus lots more!

Amboy 4-H Environmental Education Center

Our Amboy 4-H Environmental Education Center boasts 150 acres of mixed woods and wetlands, three miles of hiking trails to guide visitors through the ecosystem.

Trails are available to the public, year-round, from dawn until dusk.

- Field trips and public programs are offered in every season
- Lodge and pavilion rentals available

Health, Nutrition, & Safety

Cooperative Extension of Oswego County offers several programs to help families and households make healthier choices and stretch their food dollars to

eat better for less. We provide General Nutrition and Diabetic Education programs to Oswego County residents regardless of age or income. Our organization has a strong reputation for bringing nutrition and family well-being programs to nearly every community service and government affiliated agency in the county.
