

Oswego County 4-H Award Application and Permanent Record

Due to 4-H Office by 4:00 p.m. June 17th to be eligible for awards.

Instructions for Completing this Form

1. Please do not include your name or club name on any part of this form except where specifically asked for.
2. Be sure you meet the requirements (project completion, age, etc.) for all awards applied for.
3. Please neatly type this form or write in ink. Please fill out only one side of a sheet, do not put things on the back of a sheet.
4. List no more than 3 choices for pins or trips. List your choices first choice down to third. The trip and pin you wanted to receive the most should be listed first. Please recognize that the maximum number of trips a 4-H'er will be awarded in one year is two.

Do not list any project, activity or event in more than one place on this form; choose the most appropriate place. (For example, outdoor cooking could go under Food/ Nutrition or Natural Resources. Choose the place you think it fits better.) Please fill out a separate project summary page for each of these categories in which you have completed project work.

Project areas are:

Communications	Human Development	Photography
Plant Science	Personal Development	Engineering Science/Robotics
Consumer Education	Leadership Development	Clothing/Textiles
Home Environment	Food/Nutrition	Animal Science
Natural Resources/ Environmental Education/ Outdoor Recreation		

5. Dates should be in 4-H years: 2017-2018, 2019-2020. Do not abbreviate the date. List oldest dates first. *Current year is added to the end.*
6. 4-H'er should add to this form each year rather than fill out a completely new one. However, if it is difficult to read or if the selection committee has recommended changes, please use care when transferring information to a new form. Check it over to be sure that everything is in the right place and makes sense.
7. Check carefully that all applicable sections for the form are completed. Make copies of or insert pages as necessary. When everything is completed, sign the verification on the front. Parents are required to review the record and sign their statement. The 4-H'er's club leader is required to complete Leader's Comments. The Leader Comments should be on a page separate page from the 4-H'er information. This will make it easier for the 4-H office to remove the 4-H member's information during the photocopying of the information. The deadline for Leader comments is June 17th as well.
